## **Independent Auditors' Report**

Board of Directors  
Pansophia Academy  
Coldwater, Michigan

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pansophia Academy, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Pansophia Academy's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Pansophia Academy as of June 30, 2021, and the respective changes in financial position, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Board of Directors  
Pansophia Academy

### ***Emphasis of Matter – Change in Accounting Principle***

As discussed in Note 1 to the financial statements, Pansophia Academy implemented Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. Our opinions are not modified with respect to this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Pansophia Academy's basic financial statements. The other supplementary information, listed in the Table of Contents, is presented for the purposes of additional analysis and is not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated in all material respects, in relation to the financial statements taken as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2021, on our consideration of Pansophia Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Pansophia Academy's internal control over financial reporting and compliance.

Management's Discussion and Analysis

---

Pansophia Academy ("ACADEMY") is a Kindergarten through 12 grade Public School Academy located in Coldwater, Michigan. This Management's Discussion and Analysis, a requirement of GASB 34, is intended to be the Pansophia Academy administration's discussion and analysis of the financial results for the fiscal year ended June 30, 2021.

**FINANCIAL HIGHLIGHTS OF THE ACADEMY**

	<b>Current Fiscal Year</b>	<b>Prior Fiscal Year</b>
State Aid Funding Per Pupil	\$8,111	\$8,111
Enrollment	361	354
General Fund Balance Increase/(Decrease)	\$197,367	(\$343,437)
General Fund Balance as percent of Unrestricted State Aid Revenue	39%	32%

**OVERVIEW OF THE FINANCIAL STATEMENTS**

U.S. generally accepted accounting principles (GAAP) according to GASB 34 requires the reporting of two types of financial statements: Academy-wide Financial Statements and Fund Financial Statements.

**FUND FINANCIAL STATEMENTS:**

For the most part, the fund financial statements are comparable to general purpose financial statements. The primary difference is that the Account Groups: General Fixed Assets and General Long-Term Debt are no longer reported. The fund level statements are reported on a modified accrual basis. Only those assets that are "measurable" and "currently available" are reported. Liabilities are recognized to the extent they are normally expected to be paid with current financial resources.

The fund statements are formatted to comply with the legal requirements of the Michigan Department of Education's "Accounting Manual." In the State of Michigan, the Academy's major instruction and instructional support activities are reported in the General Fund. Additional governmental activities are reported in their relevant Special Revenue Funds.

In the fund financial statement, capital assets purchased are reported as expenditures in the year of acquisition. No asset is reported. The issuance of debt is recorded as a financial resource. The current year's payments of principal and interest on long-term obligations are recorded as expenditures. Future year's debt obligations are not recorded.

The academy has one kind of fund:

Governmental fund – Most of the Academy's basic services are included in governmental funds which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. Because this information does not encompass the additional long-term focus of the academy-wide statements, we provide additional information with the governmental funds statement that explains the relationship (or differences) between them.

**ACADEMY WIDE FINANCIAL STATEMENTS:**

The Academy-wide financial statements are maintained using the “full accrual” basis. They report all of the Academy’s assets and liabilities, both short and long term, regardless if they are “currently available” or not. For example, assets that are restricted for use in the Debt Funds solely for the payment of long term principal or interest are grouped with unrestricted assets of the General Fund. Capital assets and long-term obligations of the Academy are reported in the Statement of Net Position of the Academy-wide financial statements.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the Academy’s budget for the year. Figure A-1 shows how the various parts of the annual report are arranged and related to one another.

**Figure A-1 Organization of Pansophia Academy Annual Financial Report**

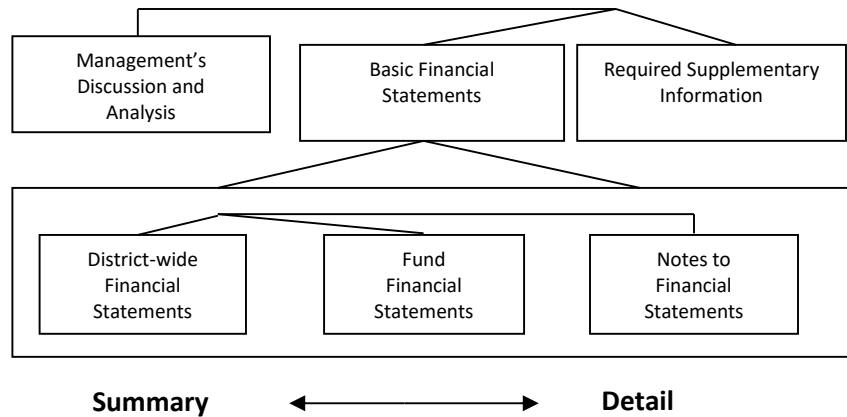

Figure A-2 summarizes the major features of the Academy’s financial statements, including the portion of the Academy’s activities they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis highlights the structure and contents of each of the statements.

Change in Net Position	<u>\$ 294,154</u>		<u>\$ (249,661)</u>	

During the fiscal year ended June 30, 2021, the Academy's net position increased by \$294,154 as compared to a net decrease of \$249,661 in the prior fiscal year. The most significant difference between prior year and current year is the additional federal grants in response to the pandemic. Additional factors affecting the change in net position during the year are discussed below:

**Pansophia Academy**  
Management's Discussion and Analysis

---

**State of Michigan Aid and Other Factors affecting Revenue**

The State of Michigan aid is determined by the following variables:

- Per Student, Foundation Allowance: Annually, the State of Michigan sets the per student foundation allowance. The Pansophia Academy foundation allowance was \$8,111.
- Student Enrollment: The Academy's student enrollment for the fall count of 2020-21 was 372 students. To calculate total state aid to be provided by the foundation allowance, a system (Section 25) where the funding follows the student was used. This means adjustments were made to the current year fall count when students enrolled or unenrolled until the current year winter count to calculate the adjusted fall count. A blend of 90% of the adjusted current year fall count and 10% of the prior year spring count is multiplied by the Academy's foundation allowance.
- Total Section 25 adjustment was 5.3FTE or \$42,988.
- The Academy continues to receive federal monies in the way of ESSER Act funding. These funds are to be used to deliver a continued high quality academic program in response to COVID-19. Additional federal funding is available during the 2021-22 and 2022-23 fiscal years.

Subsequent to year end June 30, 2021, preliminary student enrollments for 2021-22 indicate that the 2021 fall student enrollment should remain at 2020-21 levels.

**Pansophia Academy**  
Management's Discussion and Analysis

---

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The Uniform Budget Act of the State of Michigan requires that the local Board of Directors approve the original budget for the upcoming fiscal year prior to July 1, the start of the fiscal year. Over the course of the year, the Academy revised the annual operating budget two times. These budget amendments fall into several categories:

Changes were made in the second and fourth quarters to account change in student enrollment, federal funding, and changes in assumptions (e.g. staffing changes, instructional, transportation, food services and community services) since the original budget was adopted.

The Academy's revenues from General Fund operations exceeded expenditures by \$197,367 for the fiscal year ended June 30, 2021.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital assets**

The Academy's net investment in capital assets decreased by \$54,023 during the fiscal year. This can be summarized as follows:

	Beginning Balance 6/30/20	Additions	Disposals	Ending Balance 6/30/21
Depreciable Capital Assets	\$ 3,296,717	\$ 15,310	\$ -	\$ 3,312,027
Non-Depreciable Capital Assets (Land)	224,157	-	-	224,157
Less: Accumulated Depreciation	<u>1,638,512</u>	<u>69,333</u>	<u>-</u>	<u>1,707,845</u>
Net Investment in Capital Assets	<u>\$ 1,882,362</u>	<u>\$ (54,023)</u>	<u>\$ -</u>	<u>\$ 1,828,339</u>

**Depreciation Expense**

GASB 34 requires Public School Academies to maintain a record of annual depreciation expense and accumulated depreciation. The net increase in accumulated depreciation expense is a reduction in net assets in the entity wide financial statements. Depreciation is not recognized in the fund financial statements and has been noted as a reconciling item in the Academy's financial statements.

For fiscal year ended June 30, 2021, the increase in accumulated depreciation was \$69,333 and capital investments were \$15,310.

Depreciation expense is recorded on a straight-line basis over the estimated useful lives of assets. In accordance with U.S. generally accepted accounting principles (GAAP), depreciation expense is recorded based on the original cost of the asset, less an estimated salvage value.

**Debt, Principal Payments**

A summary of long-term debt service activities is as follows.

	Balance 6/30/2020	New Financings	Principal Payments	Balance 6/30/2021
Certificates of Participation	\$ 1,405,000	\$ -	\$ 1,405,000	\$ -
Notes Payable	-	940,000	19,583	920,417
Total Long-term Obligations	<u>\$ 1,405,000</u>	<u>\$ 940,000</u>	<u>\$ 1,424,583</u>	<u>\$ 920,417</u>

**ECONOMIC FACTORS BEARING ON THE ACADEMY'S FUTURE**

The Preliminary Budget for the 2021-22 Fiscal Year was adopted by the Board of Directors in June 2021. Few definite factors were known as the budget was being drafted, and others were unknown and needed to be projected with management's best estimates based on perceived interest from the community. Some key factors and estimates used in the 2021-22 budget preparation process include:

- State foundation allowance of \$8,211. The State has now adopted a per pupil allowance of \$8,700 for 2021-22.
- Student enrollment of 360

Since the Academy's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to School Districts and Public School Academies. The State periodically holds revenue-estimating conferences to estimate what the State's available resources will be throughout the remainder of its fiscal year. In spite of the current economic uncertainties, we remain cautiously confident that the State will find the resources to sufficiently fund current appropriations.

**CONTACTING THE ACADEMY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our students, parents and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional information, contact the Academy's office at 52 Abbott Ave, Coldwater, MI 49036.

## Pansophia Academy

### Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2021

---

**Net Change in Fund Balances - Total Governmental Funds** \$ (144,620)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; in the Statement of Activities, these costs are allocated over their estimated useful lives as depreciation.

Depreciation expense	\$ (69,333)	
Capital outlay	<u>15,310</u>	
		(54,023)

Accrued interest is recorded in the Statement of Activities when incurred; it is not reported in governmental funds until paid. 8,214

Bond and notes payable proceeds are reported as financial sources in governmental funds and thus contribute to the change in fund balance. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the Statement of Activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the Statement of Net Position.

Proceeds:

Notes payable proceeds	(940,000)
------------------------	-----------

Repayments:

Certificates of participation & notes payable	<u>1,424,583</u>

**Note 1 – Summary of Significant Accounting Policies**

The basic financial statements of Pansophia Academy (“The Academy”) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Academy’s accounting policies are described below.

**Reporting Entity**

The Academy was established under the provisions of the State of Michigan as a Public School Academy. Public School Academies are formed pursuant to the Michigan School Code of 1976 as amended by Act Number 416 of the Public Acts of 1994; Act Number 416 became effective March 30, 1995. The Academy has contracted with Central Michigan University’s Board of Trustees to charter a Public School Academy. The Academy operates under an appointed Board of Directors and provides education needs for grades K – 12.

The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational financial relationships that determine which of the governmental organizations are a part of the Academy’s reporting entity, and which organizations are legally separate, component units of the Academy. Based on the application of the criteria, the Academy does not contain any component units.

**New Accounting Standard**

For the year ended June 30, 2021, the Academy implemented GASB Statement No. 84, *Fiduciary Activities*. Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, was issued by the GASB in January 2017 and is effective for the District’s June 30, 2021 year end. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities for all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Districts with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position.

The restatement of the beginning of the year fund balances and net position is as follows:

	<b>Governmental Activities</b>
Net position as of July 1, 2020, as originally reported	\$ 1,851,994
Adoption of GASB Statement No. 84	13,236
Net position as of July 1, 2020, as restated	<u>\$ 1,865,230</u>
	<b>Governmental Fund Balances</b>
Fund balances as of July 1, 2020, as originally reported	\$ 1,382,846
Adoption of GASB Statement No. 84	13,236
Fund balances as of July 1, 2020, as restated	<u>\$ 1,396,082</u>

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

**Government-Wide and Fund Financial Statements**

**Academy-Wide Financial Statements** - The academy-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All of the Academy's government-wide activities are considered governmental activities. The academy-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

The Statement of Net Position presents all governmental activities on a consolidated basis. The Statement of Net Position reports all assets and liabilities including those of a long-term nature. The net difference is reported as net position. Net position is categorized as net investment in capital assets, restricted net position, and unrestricted net position. It is the Academy's policy to allocate resource outlays first to restricted net position with the remainder allocated to unrestricted net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments, and other items not properly included among program revenues are reported instead as general revenue. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants, categorical aid, and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the academy-wide financial statements.

**Fund Financial Statements** - Separate financial statements are provided for governmental funds and fiduciary funds, when applicable. Major individual governmental funds are reported as separate columns in the fund financial statements with nonmajor governmental funds aggregated into a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, severance pay, claims, and judgments, are recorded only when payment is due.

Unrestricted State Aid, intergovernmental grants, and interest associated with the current fiscal period, are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Expenditure reimbursing grants are recognized when the qualifying expenditures have been incurred, eligibility requirements have been met, and receipt of monies is expected within the current availability period (60 days post year-end). All other revenue items are considered to be available only when cash is received by the government.

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

**Government-Wide and Fund Financial Statements (Continued)**

**Fund Financial Statements (Continued)** - The Academy reports the following major governmental funds:

**General Fund** – The General Fund is the Academy’s primary operating fund. It accounts for all financial resources of the Academy, except those required to be accounted for in another fund.

**Debt Service Fund** – The Debt Service Fund accounts for the activities involved with servicing general long-term debt.

Additionally, the government reports the following fund types:

**Special Revenue Funds** - Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. The Special Revenue Funds maintained by the Academy are the Food Service Fund and the Student Activities Fund.

**Revenues, Assets, Liabilities, and Net Position or Equity**

**State Revenue** – The State of Michigan utilizes a foundation allowance approach, which provides for a specific annual amount of revenue per pupil based on a statewide formula. The foundation allowance is funded from State and local sources. Revenues from State sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of State funds to school districts based on information supplied by the districts. For the year ended June 30, 2021, the foundation allowance was based on pupil membership counts.

The Academy also receives revenue from the State to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain categorical funds require an accounting to the State of the expenditures incurred. For categorical funds meeting this requirement, funds received, which are not expended by the close of the fiscal year, are recorded as unearned revenue. Other categorical funding is recognized when the appropriation is received.

**Deposits and Investments** – Cash and cash equivalents include cash on hand, demand deposits, and certificates of deposit.

The Academy reports its investments in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* and GASB Statement No. 40, *Deposits and Investment Risk Disclosures*. Under these standards, certain investments are valued at fair value as determined by quoted market prices or by estimated fair values when quoted market prices are not available. The standards also provide that certain investments are valued at cost (or amortized cost) when they are of a short-term duration, the rate of return is fixed, and the Academy intends to hold the investment until maturity. Accordingly, investments in bankers’ acceptances and commercial paper are recorded at amortized cost.

State statutes authorize the Academy to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, Federal Savings and Loan Insurance Corporation, or National Credit Union Administration, respectively; in commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services and which matures not more than 270 days after the date of purchase. The Academy is also authorized to invest in U.S. Government or federal agency obligation repurchase agreements, bankers’ acceptances of U.S. banks, and mutual funds composed of investments as outlined above.

**Pansophia Academy**  
Notes to Financial Statements

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**Revenues, Assets, Liabilities, and Net Position or Equity (Continued)**

**Receivables and Payables** – In general, outstanding balances between funds are reported as “due to/from other funds.” Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “advances to/from other funds.”

Trade receivables are shown net of an allowance for uncollectible amounts. The Academy has determined the uncollectible amounts are immaterial and no provision has been recorded.

**Inventories and Prepaid Items** – Inventories are valued at cost on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both academy-wide and fund financial statements.

**Capital Assets** - Capital assets, which include land, buildings, equipment, and vehicles, are reported in the applicable governmental activities column in the government-wide financial statements. The government defines capital assets as assets with an initial individual cost of \$5,000 or greater and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Costs of normal repair and maintenance that do not add to the value or materially extend asset lives are not capitalized. The Academy does not have infrastructure type assets.

Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings	50 years
Building improvements	7 – 40 years
Land improvements	15 years
Computers	5 – 10 years
Equipment	5 – 20 years
Furniture & fixtures	10 – 20 years
Vehicles	8 – 10 years

**Long-Term Obligations** – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

**Fund Equity** – The Academy has implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. In accordance with this guidance, fund balances of governmental funds are categorized according to five defined categories of fund balance. These categories consist of *nonspendable* amounts which are legally or contractually required to be maintained intact; *restricted* amounts that are constrained for specific purposes set by external parties or law; *committed* amounts that are constraints set by the highest decision making authority (the Board of Directors) through adoption of a resolution and may only be removed by the Board of Directors through a rescindment resolution; *assigned* amounts that have an intended purpose but no formal specific action; and *unassigned* amounts which are the residual of the other categories and have no specific purpose.

It is the Academy’s policy to generally use fund balance in order according to the hierarchy of fund balance categories, from restricted down to unassigned.

**Use of Estimates** – The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenditures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

**Note 2 – Stewardship, Compliance, and Accountability**

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriations lapse at fiscal year-end.

The Academy follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The contracted management company (see Note 8) submits to the School Board of Directors a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them. The level of control for the budgets is at the functional level as set forth and presented as required supplementary information.
2. Public hearings are conducted to obtain public comment.
3. Prior to July 1, the budget is legally adopted by Board of Directors resolution pursuant to the *Uniform Budgeting and Accounting Act* (P.A. 621 of 1978). The Act requires that the budget be amended prior to the end of the fiscal year when necessary to adjust appropriations if it appears that revenues and other financing sources will be less than anticipated or so that expenditures will not be in excess of original estimates. Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated. Violations if any, for the General Fund, are noted in the required supplementary information section.
4. The management company is authorized to transfer budgeted amounts between major expenditure functions within any fund; however, these transfers and any revisions that alter the total expenditures of any fund must be approved by the Board.
5. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds.
6. The budget was amended during the year with supplemental appropriations, the last one approved prior to fiscal year-end.

**Note 3 – Cash and Investments**

At year-end, the Academy's deposits were reported in the basic financial statements in the following categories:

	<b>Governmental Activities</b>
Cash	\$ 515,257

The breakdown for deposits for the School Academy is as follows:

Deposits (checking, savings and U.S. Treasury accounts)	\$ 515,257
---	------------

**Pansophia Academy**  
Notes to Financial Statements

---

**Note 3 – Cash and Investments (Continued)**

**Investment and Deposit Risk** – The Academy’s cash and investments are subject to several types of risk, as noted below.

**Custodial Credit Risk – Deposits** - Custodial credit risk is the risk that in the event of a bank failure, the Academy’s deposits may not be returned. At year-end, the Academy’s deposit balance of \$597,060 had \$33,553 of bank deposits that were exposed to custodial credit risk because they were uninsured and uncollateralized.

**Custodial Credit Risk – Investments** – Custodial credit risk of investments is the risk that, in the event of the failure of the counterparty, the Academy will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Academy does not have an investment policy for custodial credit risk.

**Interest Rate Risk** – Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The Academy’s investment policy does not have specific limits in excess of State law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk** – State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers’ acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools. The Academy’s investment policy does not have specific limits in excess of State law on investment credit risk.

**Concentration of Credit Risk** – The Academy’s investment policy does not limit investments with individual issuers.

**Foreign Currency Risk** – The Academy does not invest in foreign currency and does not maintain a policy regarding foreign currency risk.

**Note 4 – Receivables**

Receivables at June 30, 2021 consist of the following:

Other governmental units (primarily Michigan Department of Education)	\$ 709,744
Total receivables	\$ 709,744

**Pansophia Academy**  
Notes to Financial Statements

**Note 5 – Capital Assets**

Capital asset activity of the Academy's governmental activities was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Disposals and Adjustments</u>	<u>Year-End Balance</u>
Assets not being depreciated - land	\$ 224,157	\$ -	\$ -	\$ 224,157

Furniture & fixtures	90,289	2,938	-	93,227
Vehicles	42,696	1,300	-	43,996
Subtotal	<u>1,638,512</u>	<u>69,333</u>	<u>-</u>	<u>1,707,845</u>
Net capital assets being depreciated	<u>1,658,205</u>	<u>(54,023)</u>	<u>-</u>	<u>1,604,182</u>
Net capital assets	<u>\$ 1,882,362</u>	<u>\$ (54,023)</u>	<u>\$ -</u>	<u>\$ 1,828,339</u>

Depreciation expense for the fiscal year was \$69,333. The Academy determined that it was impractical to allocate depreciation to various governmental activities as the assets serve multiple functions.

**Note 6 – Long-Term Debt**

Long-term obligation activity can be summarized as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Governmental activities:					
Notes payable	\$ 1,405,000	\$ 940,000	\$ 1,424,583	\$ 920,417	\$ 107,708
Total governmental activities	<u>\$ 1,405,000</u>	<u>\$ 940,000</u>	<u>\$ 1,424,583</u>	<u>\$ 920,417</u>	<u>\$ 107,708</u>

**Pansophia Academy**  
Notes to Financial Statements

**Note 6 – Long-Term Debt (Continued)**

Annual debt service requirements on the above notes payable are as follows:

Year Ending June 30	Principal	Interest	Total
2022	\$ 107,708	\$ 28,389	\$ 136,097
2023	117,500	26,932	144,432
2024	117,500	22,822	140,322
2025	117,500	18,593	136,093
2026	460,209	13,326	473,535
Total	\$ 920,417	\$ 110,062	\$ 1,030,479

Notes payable consist of:

Note Payable to Bank due in monthly installments of \$9,792 plus interest at 3.50%; matures April, 2026	\$ 920,417
Total notes payable	\$ 920,417

**Note 7 – Interfund Transfers**

During the current fiscal year, the General Fund transferred \$310,172 to the Debt Fund to fund the annual debt of the Academy for the year.

**Note 8 – Management Company**

Effective July 1, 2019, the Academy renewed its contract with CS Partners, LLC for a term of three years to provide various management services. The services to be provided include – educational management, business/finance, human resource services, and compliance services. Fees for these services are to be 10% of total State Aid (or \$80,000, whichever is higher) received from the State of Michigan pursuant to the State School Aid Act of 1979, as amended for the 2019-20, 2020-21 and the 2021-22 years. Total fees for the year were \$307,274.

**Note 9 – Purchased Services**

Effective July 1, 2019, the Academy has renewed its lease for employee services for a term of three years, to include all services related to human resources. Staff working at the Academy are employed by Partner Solutions, a wholly owned subsidiary of CS Partners, LLC.

**Note 10 – Oversight Fees**

The Academy pays an administrative oversight fee of 3% of its State School Aid discretionary payments to Central Michigan University, as set forth by contract, to reimburse the University for the cost of execution of its oversight responsibilities. These oversight responsibilities include the monitoring of the Academy's compliance with the terms and conditions of the contract, and the review of its audited financial statements and periodic reports. During the year ended June 30, 2021, the Academy incurred an expense of \$90,307 for oversight fees.

**Pansophia Academy**  
Notes to Financial Statements

---

**Note 11 – Risk Management**

The Academy is exposed to various risks of loss related to property loss, torts, errors, and omissions. The Academy has purchased commercial insurance for general liability and property/casualty claims. Settled claims relating to the commercial insurance did not exceed the amount of insurance coverage in any of the past three fiscal years.

**COVID-19 Risk Considerations** – The continuing pandemic, both in the U.S. and globally in regards to the outbreak of the coronavirus (COVID-19), has made evaluation of the future uncertain. Areas that may be affected by the change in daily lives and work include investment values, levels of sales and services, availability of cash, supply chains, etc. As a result, funding to schools from the State and federal governments is subject to risk and potential change. Because of the uncertainty of the full impact, no amounts can be estimated and have not been reflected in these financial statements.

**Note 12 – Operating Leases**

The Academy leases two modular classroom buildings, several buses, and various copiers under several short- and long-term lease agreements. The modular systems are leased on a month to month basis; the buses are leased under two-year agreements; and the copiers are leased under a 63-month agreement. Total lease expense for the year was \$89,771. Minimum future lease payments are as follows:

2022	\$ 34,124
2023	5,964
2024	5,964
2025	4,970
	<u>\$ 51,022</u>

**Note 13 – Federal and State Grants**

The Academy has received federal and State grants for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, management believes that any required reimbursements would not be material.

**Note 14 – Upcoming Accounting and Reporting Changes**

Statement No. 87, *Leases*, was issued by the Governmental Accounting Standards Board to increase the usefulness of government financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model based on the premise that leases are financings of the right to use the underlying asset. The Statement also addresses standards for note disclosures to include information regarding the timing, significance, and purpose of a government's leasing arrangements. Statement No. 87 will be effective for the Academy's fiscal year ending June 30, 2022.

**Independent Auditors' Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

Board of Education  
Pansophia Academy  
Coldwater, Michigan

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pansophia Academy as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Pansophia Academy's basic financial statements, and have issued our report thereon dated October 25, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Pansophia Academy's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pansophia Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of Pansophia Academy's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Education  
Pansophia Academy  
Coldwater, Michigan

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Pansophia Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program  
and on Internal Control Over Compliance Required by the Uniform Guidance**

Board of Education  
Pansophia Academy  
Coldwater, Michigan

**Report on Compliance for Each Major Federal Program**

We have audited Pansophia Academy's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Pansophia Academy's major federal programs for the year ended June 30, 2021. Pansophia Academy's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of Pansophia Academy's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether the noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining on a test basis, evidence about Pansophia Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Pansophia Academy's compliance.

***Opinion on Each Major Federal Program***

In our opinion, Pansophia Academy complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Board of Education  
Pansophia Academy  
Coldwater, Michigan

### **Report on Internal Control Over Compliance**

Management of Pansophia Academy is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above.

In planning and performing our audit of compliance, we considered Pansophia Academy's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Pansophia Academy's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pansophia Academy as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise Pansophia Academy's basic financial statements. We have issued our report thereon dated October 25, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Board of Education  
Pansophia Academy  
Coldwater, Michigan

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

**Note 1 - Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal grant activity of Pansophia Academy (the "Academy") under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Pansophia Academy, it is not intended to and does not present the financial position or changes in net position of the Academy.

**Note 2 – Summary of Significant Explanations of Schedule**

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting, which is described in Note 1 to the Academy's financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

Cash received is recorded on the cash basis; expenditures are recorded on the modified accrual basis of accounting. Revenue is recognized when the qualifying expenditures have been included and all grant requirements have been met.

The Schedule has been arranged to provide information on both actual cash received and the revenue recognized. Accordingly, the effects of accruals of accounts receivable, unearned revenue, and accounts payable items at both the beginning and end of the fiscal year have been reported.

Expenditures are in agreement with amounts reported in the financial statements and the financial reports. The amounts on the Grant Auditor Report reconcile with this Schedule with any differences being timing issues of when cash was received. The amounts reported on the Recipient Entitlement Balance (PAL) Report agree with this Schedule for USDA donated food commodities and the expenditures include any spoilage or pilferage.

For purposes of charging indirect costs to federal awards, the Academy has not elected to use the 10 percent de minimis cost rate as permitted by Section 200.414 of the Uniform Guidance.

**Note 3 – Subrecipients**

No federal awards were passed through the Academy to any subrecipients during the year.

Board of Directors  
Pansophia Academy  
Coldwater, Michigan

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pansophia Academy for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and *Government Auditing Standards*), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 27, 2021. Professional standards also require that we communicate to you the following information related to our audit.

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Pansophia Academy are described in Note 1 to the financial statements. As described in Note 1, the Academy, in accordance with Governmental Accounting Standards Board (GASB) standards, implemented GASB Statement No. 84, *Fiduciary Activities*. We noted no transactions entered into by the Academy during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates, affecting the government-wide financial statements, were:

Management's estimate of accumulated depreciation on capitalized assets. Depreciation is based upon estimated lives and methods to formulate net book value. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

*Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Board of Directors  
Pansophia Academy

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated as per the audit report.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Academy's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Academy's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

We applied certain limited procedures to the Management's Discussion and Analysis and the Budgetary Comparison Schedule which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the Schedule of Long-Term Debt and Nonmajor Funds Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

### Recommendations

We recommend the Academy consider the following:

- For the Student Activities account, have an individual at the School with knowledge of student activities, review the account activity regularly to ensure accuracy and reconcile with the General Fund.

### Restriction on Use

This information is intended solely for the use of the Board of Directors and management of Pansophia Academy and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
